Perfect Price cards

The competitor!

ISEGA - FOOD SAFE CERTIFIED

Allergens information on back of card

## Get the most out of your PriceTag bundle

- Food-safe price tags
- Gift cards/loyalty cards
- ID/access entry cards

### 3 in 1 solution

The Javelin Jack has multiple purposes and is more than a price labelling solution. Javelin Designer will allow you to create additional card designs for your staff and customers so you can make **staff ID badges** for **access control** or **membership/gift cards** to help grow your brand and act as a pre-payment method for in-store purchases. Retain returning customers and track repeat purchases.
